

Schedule
of
Tree Preservation Orders
in
Lambeth

05 July 2024

Using this schedule

1. This is a list of Tree Preservation Orders (TPOs) in Lambeth Council's area, listed alphabetically by road.
2. "Address" is road name, then house number / or description of the site, "TPO No." is the Lambeth Tree Preservation Order reference number, "Tree No." is taken from the TPO documentation and comprises a number prefixed by a letter T, G, A or W. Explanation - T denotes an individual Tree, G denotes a Group of trees, A denotes an Area of trees; and W denotes Woodland. "Species" is species of the tree / trees protected.
3. If a TPO has been made but not confirmed (as required by law) or has been revoked, the entry will remain with the text ~~struck through~~.
4. We endeavour to keep this schedule up to date. However, for completeness, it is recommended that an address search is also undertaken using the Council's online planning database. Any TPO's at the address should come up in the 'constraint' tab in the property search results. For the database please use this link:
<https://planning.lambeth.gov.uk/online-applications/search.do?action=property&type=custom&searchType=Application>
5. If you remain unsure as to whether the property is affected by a Tree Preservation Order, would like clarification, or require a copy of a Tree Preservation Order please e-mail planningconservation@lambeth.gov.uk
6. This schedule does not identify trees in conservation areas which are protected under separate legislation. To check if a property is in a conservation area, please do an address search on the Council's online planning database. A conservation area designation will come up in the 'constraint' tab in the property search results.
